MISS DAYSE F. BAKER VISITS ARGUS OFFICE

The Argus office was graced with the presence of Miss Dayse F. Baker of Farmington, Monday of this week, who was here attending the annual session of the Grand Court of Chautauque, which was in session July 28 to 30. She represented the National Court of Farmington.

Miss Baker is a correspondent for the St. Louis Argus in her city and an interesting news letter from her each week contributes much towards the Argus success.

As principal of the junior school at Farmington, Miss Baker is highly respected by the people of her community and a visitor, recently had most cordial reception in the Argus office.

However, there has been some speculation among the residents as to her future plans since the recent visit of the Grand Keeper of R. and N. of the K. of P. When the news was reported that Miss Baker would be in St. Louis last Saturday, there seemed to be some excitement among the Argus force, and in fact Miss Baker, the bookkeeper, waited at the office two hours overtime for Miss Baker. When she came in, she found the story it was found that Miss Baker had promised to bring a basket of fried chicken with her. And of course her host for the same.

In the basket, while Miss Baker had a basket of fried chicken, but with the assistance of the telephone, Miss Baker was contacted by her friends, who were in St. Louis last Saturday, and she was able to establish the new slogan: "The bird catches the chicken."

Grease and Dirt Vanish in the Wayne Washer

When you see its hobby-horse action you will choose the Wayne for your washer. The generous-sized smooth copper tub tilts gently to and fro showering the clothes as they glide back and forth with sparkling hot suds that cleans every thread of fabric.

Nothing can be simpler than the Wayne principle (only 17 moving parts in all). Nothing could wash better both the daintiest and coarsest of things.

Washday's toils and troubles leave your house when the Wayne enters. Let it be soon. Why shouldn't electricity wash your clothes the same as it does in nearly a million other homes? But be sure you decide on the Wayne—with the hobby-horse action.

Will you see our store demonstration or do you prefer a test on your own things at home?

story as one could wish to see.

"Man Woman Marriage" At The Lincoln.
Dorothy Phillips in "Man-Woman Marriage" will be presented at the Lincoln Theatre this Sunday. The story tells of a girl, with dreams of romance, who is forced by her father to accept as a suitor a man who she dislikes. She meets another who is an attorney and engaged in humanitarian work. In a dream vision she sees the dawn of faith in her reformation, during the Roman Centurians when David went to the land of the living. The story is a beautiful and touching tale of love and sacrifice. It is a story of a girl who is forced to marry a man who she dislikes. The story is a beautiful and touching tale of love and sacrifice.

"Under Western Skies" At The Casino, Sunday.
"Under Western Skies" a thrilling drama of the west, with an all star cast, will be the feature of the Casino Theatre this Sunday. The scene is set in the grand old picture in the beautiful and rugged mountains and plains of the West. Here stands the natural beauty of the great outdoors in a drama of many unknown tales and turns. Under Western Skies, a beautiful young woman finds her father dead, while entering across the horizon she sees a solitary figure of a mounted horseman searching away in the dusk. Years later, this tragedy casts a sinister bar across the beautiful happiness of this young woman and her husband, whom the force of circumstance pointed out as being guilty of the tragic death of his wife's father. Excitement, suspense and mystery fill the five parts in which this production is presented. The climax of the story is laid with the husband revealing his wife from the man who is really responsible for her father's death.

CLARENCE BROOKS-HERN
WITH NEW PICTURE.
Clarence Brooks, star of the Lincoln Motion Picture Company, was in St. Louis this week arranged to change to "The Right of Birth," just recently released by the company. It is said to be a new colored drama of racial hatred and shadows, also a romance of laughter and tears. The picture will be presented at local theatres in a few weeks.

WATERS ARE OF MERIT KNOWN A CENTURY

It is now known as the Randolph Medical Springs, Salt and other mineral waters were first discovered. In 1821 pioneers established salt works there, but the enterprise was abandoned a few years later. In that early day people thought little of the healing and invigorating properties of mineral waters, and until later these springs were not developed. In 1898 while a company was prospecting down to a depth of 900 ft. a flow of the mineral water was struck and ever since that time a continuous stream of cool, sparkling mineral water has flowed from the well and about from that time to the present, people who were afflicted with various chronic diseases have gone to these springs and have been either cured or greatly benefited.

A DISTINCTIVE NEGRO PEOPLE'S HEALTH RESORT

The unexcelled waters of these notable springs, the beautiful, fully improved 60 acres of grounds, the splendid hotels and cottages, all equipped and furnished to the last item of equipment—hot water, and electric light systems, all perfected, make this the IDEAL as a health resort. An Institution Greatly Needed. The people need a first-class resort with opportunities for health improvement by usage of medicinal waters, such as Randolph Springs waters exist in Salt and Epsom, Sulphur and other health giving water. It is attested by the hundreds who must go every year to recuperate, re-established by others now in many places throughout the country. The people are human; they labor and make money. They are sick and wear themselves out at work just as others do. They seek health giving waters and better life.

MOST TIMELY AND VALUABLE RESORT OF THE ENTIRE COUNTRY FOR COLORED PEOPLE

Of the many attempts to establish health places in the different states and localities since up to the thirty-first century, this Randolph Springs National Health Sanitarium offers the best opportunity for both health and recuperation and a quiet pleasant place together of the substantial, thinking people of the race, especially those of Missouri and mid-western states. This is a much needed restoration to normal health conditions. For in the past most rush of our life pursuits, there have been heretofore want for moments when the well-to-do and thoughtful of our people have had a free time under our own "tree". The Randolph Medical Springs is located in Randolph County, Missouri, not far from Huntsville, the county seat, on the trunk line of the Western railroad. The "Springs" is located on a beautiful tract of land,

in acres, with ideal surroundings. Thousands of dollars have been spent in the beautifying the grounds, remodeling, erecting new buildings, and in perfecting sanitation. The accommodations are now modern and up-to-date in every respect, and it is one of the most beautiful and pleasing health resorts in the country.

ACCOMMODATIONS OTHER IMPROVEMENTS

The best accommodations at these Springs are ample. The Gordon Cafe and Irving Hotel have recently been enlarged and newly furnished, and are provided with an excellent water and sewage system, electric lights and other modern accommodations and conveniences and the rates are very reasonable.

A large, well built bathhouse, where hot and cold salt, mineral, tub, shower, sweet, Turkish baths, massage, rite salt rubs and packs can be had at all hours. Electric light plant and sewage system. Beautiful shade trees independent telephone system, which

connects with the long distance Bell Telephone.

For amusements—boat riding, on the Springs lake, tennis and croquet grounds, baseball once a week. In fact you can go to no better sporting place to recuperate and have a pleasant time than to Randolph Springs.

RANDOLPH SPRINGS WATER

There is an abundant springs water in the United States that surpasses the water which flows from the Randolph Springs for healing and recuperative qualities. Thousands of testimonials could be produced if necessary, to prove the real benefits that people have derived from drinking and bathing in these waters.

There are four distinct wells of water which official analysis shows contains the finest medicinal properties of any water in the United States and all of them within a few yards of each other. The real benefit derived from hot baths from one of these springs, and drinking the clear cold water from another, are simply marvelous.

FOR INVALIDS' INFORMATION

The Randolph Springs water is simply invigorating and invaluable for the treatment of all forms of liver, stomach, bladder and kidney trouble, resulting in Bright's disease, diabetes, rheumatism, muscular, sciatic or inflammatory joint, dropsy, gonorrhea, pulmonary complications, or from ailments arising from impure or impure blood. These palatable and natural mineral waters offer relief and assurance of cure.

If you are suffering from overwork, nervous prostration, general debility, if you need rest and treatment for the rebuilding of the nervous system—if you need outdoor exercise in a delightful climate, in a pure and invigorating air, with all forms of outdoor amusements—Randolph Springs offers just what you want.

Fill out the application, fill it out for as many shares as you can afford to carry. Don't stop at one share if you can afford two and don't stop at two if you can afford five or ten or more.

This sort of opportunity, long sought, has providentially come for our people. It is our desire to throw the door wide open to every man, woman, boy or girl, high, low, rich or poor, anywhere in the United States as well as in Missouri and surrounding mid-western states. This is in order that each may become an active partner in the creation of healing water, and health, and satisfaction, and shine it up to the sun in the sun. Remember that will be

your own first class, high grade, rest health and summer national resort and Sanitarium institution. Rich coal fields and fine farm land lie all around this beautiful city site, so here in a short time you can live in a city and farm in the country. This too, is on the main line of the great Western Railroad system between the east and the west. Here we shall build a beautiful health city. All to be done by our

own people in the most approved and scientific manner, for our own sake, comfort and convenience. Everything must be done that is required in the building of any first class city. Not only will houses be constructed but business of all kinds will be started, developed and maintained. Health recreation and study are already provided for by our splendid hotels, bath houses and recreation grounds. Among these, let's now build the city.
